A-III/2

FOREIGN STUDENTS

Chief Engineer (Unlimited) – **MANAGEMENT LEVEL**

COURSE ENTRY REQUIREMENTS

Engineering Officer of the Watch (Unlimited) : A-III/1 CoC

Issued by a country recognised by South Africa
(See SAMSA Document on Foreign CoC Recognition)

STAGE 2

16 Weeks

SAMSA Accredited Academic Program
Chief Engineering Officer (Unlimited) : A-III/2

**MANAGEMENT
COURSE**

- South Africa requires all subjects at the Management Level be completed in South Africa – no part recognition can be given for management level subjects done outside of South Africa (i.e. all subjects within the complete 16-week course listed above are required)

Before you make the SAMSA oral examination application, the following must be completed:

- (1) You must have the required amount of sea time (below)
- (2) You must have your academic qualifications (mechanical subjects) approved by the South African Qualifications Agency (www.SAQA.org.za) at a level of National Diploma or higher.
- (3) Your STCW safety courses must be redone in South Africa

STAGE 3
